## ARTISAN WOOD FIRED

### What is an Artisan Wood Fired Pizza?

We are proud of our own *Artisan Wood Fired Pizza Oven* traditionally handmade using a mix of high quality refractory materials sourced locally in Athy, Co. Kildare.

Our oven is built with an integral cooking floor that ensures and maintains a consistent floor temperature to ensure cooking is accurate and fast. Our curved interior oven walls and overhead crown elements allow a more natural movement of the air inside to make cooking more consistent.

We produce our own *Signature Dough* on a daily basis with top quality (No additive, No Chemical) Neapolitan flour. We allow our dough to proof for 72 hours and handcraft it on a limited production batch.

We make our pizza thin based with dough that puffs around the sides. Our added natural secret ingredient provides a very crisp airy crust!

We cook our own *Secret Pizza Sauce* with a range of fresh ingredients making your pizza burst with flavours!

We use a *Traditional Method of Baking* and use *High Quality Ingredients*.

Tag us on Instagram [@oscarhouseltd](#) and be in with a chance of winning a FREE PIZZA every month!
